COVID-19 Disease Control Measures Check-sheet

For aquariums

１．Cleanliness and the use of masks

☐ Place notices requesting all customers to wear a mask (endeavor to provide a mask to customers who do not have one)

☐ Place hand sanitizer and/or disinfectant within the facility, and notify staff and customers to wash/disinfect their hands thoroughly

☐ Ensure good hygiene - e.g., stop the use of shared towels and wash uniforms thoroughly

２．Social distancing (maintaining a 2m distance)

☐ Avoid crowding with measures such as managing lines, placing markers on the floor to indicate where to stand, and implementing an online ticket system for entry

☐ Arrange seating to ensure suffcient space between customers (and staff), and notify people not to speak in a loud voice

☐ Place shields/barriers in places where people are likely to come face-to-face, and lower chances for contact, for example by allowing cashless payments

３．Avoid the 3 Cs (closed spaces, crowded places and close-contact settings)

☐ If the 3 Cs are likely, use numbered entry ticket systems or place restrictions on entry times/how many people can enter the facility

☐ Periodically ventilate rooms by opening doors and windows and/or placing fans blowing outwards

☐ Keep staff breaks rooms well ventilated and prevent eating or conversing face-to-face

４．Cleaning and disinfecting facilities

☐ Reduce the amount of objects and places that many people touch, and disinfect them thoroughly where that is difficult

☐ Notify people to throw used masks away by putting them in a plastic bag and shutting it tightly

☐ Ensure employees mask and gloves when cleaning or disposing of rubbish, and ensure they wash their hands thoroughly

5．Monitoring staff and customers' health

☐ Request customers who have a fever not to enter the premises.

☐ Check employees' health and temperature before they come to work through daily reporting

☐ Urge employees who are unwell to rest, and send home people who start feeling unwell at work immediately

☐ Prepare for cases of infection by knowing the local health center and having a grasp on who is coming to the premises

6．Industry-specific guidelines

☐ In general, refrain from presenting displays that visitors can touch

☐ Periodically disinfect items that many visitors tend to touch, such as the glass barriers surrounding displays

☐ Place partitions in popular areas and prevent visitors from touching display cases or loitering

☐ Refer to guidelines from industry-groups to implement measures in addition to those listed above
